SEEN, HEARD & TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard. Acts 4:20

I guess folks will have to look in the Sentinel-Star for a full program of the celebration of the 30th anniversary of Grenada Hospital, or at the printed program. We have been after the "copy" since Sunday, but Mrs. Avent decided to give copy to Star first so, at make-up time, we had to "cut" it down.

In 1938, we had to stop Bet Horn from taking ads for the famous Snuff Dipper edition Tuesday night. We had to refuse congratulatory ads from ad-getter Julia Talbert Tuesday night of this week, and tell her to turn the rest of them over to the Star, as we were "full-up" then.

May 9th is also the 35th anniversary of Mabel's and my marriage. We plan to celebrate it by going to Oxberry and resting up. This has been the GCW's damnest week since 1938 when we got out the Snuff Dippers' edition.

We have had just one hell of a time editing this issue: that is getting in what MUST go in, and compromising on what neccessarily could not go in, leaving out some, cutting down on other items.

Mr. and Mrs. Guy Branscome wanted a congratulatory ad for Dr. Avent and hospital. This is it. We dont have room for any more paid ads this week, but plenty next week.

What there was not room for this week, wa sleft out. I hope we did not make TOO MANY errors.

Not one percent of the folks in the United States ever heard of Laos until last week, yet it is likely that thousands of our boys may die because the invasion of Laos, may be "it", the event the world has been expecting - the start of World War III.

A 18:30 o'clock Thursday morning, we attempted to make a telephone call, and were informed, "Emergency calls only". The explanation was "the girls have walked out."

L. Friedman has secretly taken up bait casting, but his friends fail to understand why the small catfish he brought in was found to have a bream hook in its mouth when cleaned.

I imagine those boys who had lain so long in North Korean prisons, then liberated, felt like hell when they were sent to a mental hospital at Valley Forge, even before they got to see their homefolks. It looks to me that the big brass slipped up on that deal. That "brain washer" referred to should be saved to use on what brains the big brass has.

We could have got a big ad out of Dr. Rayford, but we told him to write a little piece, "whatever is in your heart" and that's what he did. You gdyankees, who read this, please remember that Dr. Rayford is a Negro doctor, and Dr. Avent a white doctor.

Mrs. Ruby Hudson consented to let us run her ad next week.

The power company brought in a big congratulatory ad but with great reluctance we had to refuse it, but sent the man to Grimes.

Kind-hearted Johnnie Leverette woke up Thursday with the other puppy from Scott Davis' dog kennel.

Readers will just have to struggle on in darkness without my stirring editorialy and Fed Robinson's philosophy - but not without Gore Springs which always gets a green light in the GCW.

We understand that Mary Jane Perry Green has bought the Webster Progress, a country newspaper that Ned Lee brought to national prominence.

10 of our idle rich went to Mobile deep-sea fishing this week. Some got back sober, all alive.

It's been raining a good deal here lately. Most folks have been quarreling about "too much" rain. Those who are quarreling are what I call grass-killers. We folks who use grass have no reason to quarrel. The more grass, the more food for birds and animals who use grass. I never worried about rain when I was a big hay man because, if it rained and ruined a lot of down hay, the rain made the grass still uncut bigger and better. Rain is a big thing to us grass-users, and not a calamity. Dont cuss rain, but rather, bless it.

Grenada Hospital Day Program Announced

A twin celebration, honoring Dr. J. K. Avent on his 58th birthday and the Grenada Hospital on the 30th anniversary of its founding will take place on the lawn of the Grenada Hospital beginning at 2 p. m. Saturday, May 9.

Grenada Hospital Day will climax National Hospital Week now being observed.

Many civic leaders will be present to take part in the program and thousands of former patients have been invited.

The program follows: Master of ceremonies will be Rev. W. Taylor Clarke. Rev. A. L. O'Briant, chaplain of the hospital, will deliver the invocation. Dr. R. A. Clanton, mayor of Grenada, will make remarks and Mrs. A. N. Rayburn, president of the Hospital Auxiliary, will deliver greetings.

Remarks will be made by J. H. Oliver, president of the Chamber of Commerce.

Cowles Horton, attorney of Grenada, will introduce Hon. J. P. Coleman, attorney general of Mississippi, who will make the principal address.

The unveiling of an oil portrait of Dr. Avent will be by his grandsons, Ivan Kirl Bass and James Kirl Avent, III.

Following Dr. Avent's acceptance of the portrait, Rev. Felix A. Sutphin will deliver the benediction.

A mammoth birthday cake will be served.

In case of rain, the celebration will take place in the City Auditorium.

The Woman Behind It All

(An Editorialette)

Behind every sucessful man, there is a woman.

The woman mentioned here is Mrs. Louise Avent, who is the wife of Dr. J. K. Avent, being honored this week in connection with Grenada Hospital. She is mother of Dr. J. K. Avent, Jr. who is associated with his father. She is grandmother of J. K. Avent III, who is pictured elsewhere.

This issue,, we think, would be distinctly incomplete if this fine woman - The Woman Behind It all - were not mentioned.

Presbyterians Have Big Get-Together Sunday

Non-Presbyterians who wondered why so many men were in and around the Presbyterian Church, and so many cars parked nearby, Sunday are answered by writing that the church was the scene Sunday afternoon of a meeting of the "Men of the Church" coming from churches in the Presbytery of North Mississippi of the Synod of Mississippi.

To say that a heap of men attended is a gross understatement.

The afternoon program in the church began at three; the excellent meal, prepared and served by the ladies of the church, began at six.

The evening program began at 7:15.

At the afternoon meeting, the Presbytery's President, F. G. Craig, presided and also made the president's annual report. The devotional was by Rev. J. K. Johnson of Oxford. The president called things to order; the welcome address was given by Grenada's William O. Semmes, the response by Mr. T. B. Holloman, member of the Batesville church; the minutes were read by the secretary; the principle address, "Making Men's Work Function at the Grass Roots" by Mr. John V. Matthews of Fayetteville, Tenn. This address was followed by President Craig's report, a business session and appointment of committees, and a short recess.

At the sumptuous meal, served in the church's basement, Mr. Edward P. McCallum of Memphis was what they caled the Master of Phunology.

The feature of the evening session was an address, "Presbyterian Men, Awake", by Mr. Emile Dieth of New Orleans.

Commmittee reports were made. The attendance banner was awarded to the Byhalia church, and adjournment had.

The next annual meeting will be at Cleveland.

Mrs. McCool Heads National Jr. Auxiliary Association

Mrs. W. A. McCool of Grenada was elected president of the National Association of Junior Auxiliaries at the organization's annual meeting held Thursday and Friday in Johnson City, Tenn.

Mrs. C. K. Bailey, Jr., also of Grenada was elected corresponding secretary.

Mrs. McoCol has been very outstanding in Jr. Auxiliary work in Grenada, having served as president of the local organization and in other offices.

I think the reason Whyte Jr. brought those puppies back to Johnnie Leverette's market was because he once picked up a fat pupoy behind Johnny't place that Johnnie had fattened, and took him to Scott Davis. Bread on the water, so to speak.

Is nere A "Legal" Racket?

(An Editorial)

I can't and won't investigate all of the grievances, real or imaginary, that folks bring to me. They always save themselves by saying "Dont mention my name." Maybe they fear reprisals if THEIR names are mentioned.

Boiled down, these grievances, real or imaginary, against the local "law" come from Negroes or from white folks who press to know causes for Negro grievances. Of course, nobody wants MY name mentioned. Folks want to put the "bee" on the country editor and let HIM get the reprisals on his weary head.

If our good Negroes are being made victims of the "law" which is designed to protect them and their rights, Grenada has come to a hell-uva pass and it is up to the good white people to do something about the matter.

I would suggest that the Chamber of Commerce form a strong committee to investigate to see if indeed, it is TRUE that our Negro citizens are being made goats of a legal "racket". Let this committee hear evidence, assemble data. THEN go before the next grand jury and see if that body can correct bad conditions if indeed any exist.

Our Negro citizens, or at least most of them, constitute one of Grenada's best "industry", an industry that is rapidly melting away.

The Chairman

Mrs. A. N. Rayburn, widow of the recently deceased Newt Rayburn of Grenada Bank," is the chairman of the Hospital Auxiliary whose members do so much good for the sick in the hospital on a continuing basis, and whose members helped so greatly in doing most of the leg-work in making a success of the 30th anniversary party scheduled for May 9.

Greetings to a mighty fine woman.

Dr. Rayford Pays Tribute To Dr. Avent

Saturday, May 9, 1953 will mean a great deal to the citizens of Grenada County. It will mean the birthday of Dr. J. K. Avent, and the 30th anniversary of the Grenada Hospital.

I am very glad that Dr. Avent has lied to see the results of his labor.

If it had not been for Dr. Avent, thousands of Negroes and white people would have been dead long ago. He has worked hard and long, giving relief to suffering humanity.

I want to join others in congratulating Dr. Avent, and I sincerely hope that he will live many more years and continue to do the good work he is doing.

On behalf of the Negro citizens of Grenada County, we want to thank you for the kindness you have shown us, and we wish for you a very happy birthday.

Ed. Note: Dr. Rayford is Grenada's only colored physician. At the same time that Dr. Avent was head of the Mississippi Medical Association composed of white doctors, Dr. Rayford was head of the association composed of the state's Negro doctors.

—Mrs. James W. Harrison—

Mrs. James W. Harrison died at the home of her son Lawrence S. Harrison in Memphis, Tenn. on Friday, April 24, 1953, and was buried in Elmwood Cemetery the following Saturday. She was 82 years old, a Baptist, and a completely unselfish person. For eight years she cared for an invalid husband alone on a farm in Grenada County, and was always ready to help any one in need.

Mrs. Harrison was educated at Grenada College, she was the daughter of Lt. Col. Algenon S. and Mrs. Rebecca Crowder Pass. Her paternal grandfather was John Pass, first mayor of Grenada and her maternal grandfather was Dr. Green Crowder, pioneer settler of Grenada for whom the Green Crowder subdivision is named.

She leaves one son, Lawrence S. Harrison and 3 grandchildren, Lawrence Harrison, Jr., Marie Lynn Harrison and Judge Robert J. Holt, Jr. of Jackson, Tennessee.

I have been informed by Mrs. Evelyn Hamilton of Calhoun City that she had published in the Progressive Farmer Magazine a story, "A Half-Century of Sewing" relating to the sewing work of a Grenada lady - Mrs. Ed Spruill. We hope to secure permission to reproduce the story in the GCW.

Me and Ike.

Mrs. Pressgrove's Pupils In Recital Friday Night

Mrs. Doris Batson Pressgrove will present her junior and senior high school piano students in a recital at 8 p. m. Friday, May 8.

Her pupils are: Judy Lake, Helen Kimbrough, Shirley Stoker, Nell Rose Ball, Camille Sutton, Dorothy Long, Kay Embry, Libby Lake, Ann Oliver, Judy Swetland, Martha Grant, Mary Lee Simmons, Clarice Townes, and Lennie Sharp Ricks.

Report Of Grenada Hospital's Chaplain

The thirtieth years report of the Grenada Hospital shows marked progress in all its activities including that of the Chaplain who ministers daily to hte needs of both white and colored.

These needs are as varied as the kinds of patients and must be met accordingly. Some are strangers, some are discouraged and some in their extremity are ready to accept spiritual benefit as never before. To this end and upon advice of the doctor as to visitation, the Chaplain talks to them and if agreeable reads the scriptures, prays and in general dispenses cheer and spiritual comfort.

Statistics never tell the whole story and there are many incidents in the Chaplain's day that cannot be reflected in figures. However, certain facts show the scope of his work.

During the twenty months of my services I have made more than fifteen thousand visits, and welcomed more than five hundred babies; have distributed hundreds of magazines contributed for that purpose; have written numerous cards and letters, and received hundreds of expressions of appreciation, both verbal and written. Every minute in this house of healing has been interesting and gratifying as I have sought to strengthen the many efforts of the entire staff who work tirelessly day and night.

A. L. O'Briant, Chaplain

I imagine that it will be Corbett Thompson, instead of Albert Cohen, who eventually will take John Huffington's place as the man of Grenada who knows everything. Corbett dont have much to do except keep his ears open anyway. In that respect, John was about the very best ever in town. I always thought a heap of John as he and I were in minutes of each other in joining the army back in 1917. I remember we joined over the old Corner Drug Store in Grenada. He and I were together about 2 years.

As usual about this time of year, Talford Worsham came in from Beat Two and paid his annual dues.

See where Grenada's valiant and heroic WAC, Edna Odom, has been transferred to Michigan.

Mr. and Mrs. T. H. Meek spent several days at Allisons Wells, recently.

Joins Pi Kappa Alpha

Morris Elbert Hubbard of 846 S. Main St., Grenada, Miss., has recently been initiated into Pi Kappa Alpha Fraternity at Indiana U. He is presently enrolled as a freshman in the School of Music.

SEEN, HEARD & TOLD BY THE EDITOR

Heard that Jimmie Lee Stevenson got fired from the railroad because he started one of the switch engines near the depot and didn't get it stopped until he reached Billups Crossing. As a little boy he worked on my farm near Oxberry.

I don't know which had the better time last week: B. Feltus or B's little blond niece who viisted Aunt B. last week.

Who remembers a former Grenada lady whom they called Large (or Big) Alice?

In Grenada this week there are a good many what they call "fish" widows, most of 'em good looking too.

Homer Weldy paid his dues last week and that event gives me a chance, long sought, to say that his wife Ruth has some mighty pretty flowers in her garden.

"Miss Tommie" Hughes and husband from North Little Rock, Arkansas, were visiting their folks in Grenada last week. Miss Tommie keeps up with her old friends here thru the GCW.

Mr. ad Mrs. J. M. Brewer visited the Mississippi Coast last weekend.

I never knew I had so many friends, and I wish I could personally thank every one of you who have shown your lovely friendship in so many ways, but from time to time, I hope to see you and thank you in person.

Later in the evening the girls and boys changed into blue jeans, plaid shirts and typical outing attire for a trip, first to Proby Field where hay wagons pulled by tractors took them to a midnight picnic out on the Rifle Range at Camp McCain. Here they were served hot dogs and cold drinks, gathered around a big bon fire.

At four o'clock they rode back to town in the hay wagon to be served a delicious breakfast at Barranco's Cafe, afterwards the hay wagon drivers took the tired and happy youngsters home.

Report By Grenada Hospital's Librarian

Grenada Hospital's medical records department is well equipped for the purpose of "keeping good medical case histories on all its patients" and having them readily accessible at all times. It is also well lighted, heated and cooled.

New shelves have been installed for the case history storage files for protection of all the patient's charts. The new setup is recommended by the American College of Surgeons.

The recommended system of cross-indexing is being used and filed in the new visible index file. The indexing consists of the code numbers of the standard nomenclature of diseases and operations on each patient. This has been installed under the supervision of our state registered librarian, Miss Gertrude McCalip who is teaching in the group study course over the State of Mississippi. She visits us once a month. The student nurses use the charts for writing case histories as well as the doctors. The grouping of the disease and operations for study and research are found on the visible cross index file.

The modern daily analysis book is kept up to date for the purpose of securing statistics at any date and for any purpose. From this book is taken the monthly report for staff meetings.

All the recommended death, birth books and registers are in use.

The physician's index file is kept up to date as well as the patient's index file.

The most important thing about a good record department is what it means to the patient. For example:

When the new born makes its arrival it is given a number on its case history which is filed away for safe keeping in the records department, and should the little fellow return to the hospital for tonsillectomy, and in about two more years for an appendectomy, etc., and so on. Each time the previous chrats are pulled up with the current chart, giving the doctor the life history of the child.

Under the present set--up, this same little fellow might enter another hospital, all he would have to do is mail this hospital a written request for his case history and this hospital would immediately mail a copy of the case history, which not only would help the doctor in finding his trouble, but would probably save time and money.

The value of the record department would be hard to evaluate, due to the fact that a good medical record aids first the patient, hospital, doctors, and also has its place in research and study.

The medical record is an orderly written report of the patient's complaints, the diagnostic findings, treatment, and end results that form a clinical picture and, when completed, contain sufficient data written in sequence of events to justify the diagnosis and warrant and treatment of the end results.

Hence, because "patients forget and records remember."

In order to have the records completed and readily accessible at all times, there must be someone to work with them. Mrs. Sudie Barnett has been wroking with this department since June, 1946. She is an active member of the National Association, (American Association of Merical Record Librarians.) Also an active member of Miss. Association of Medical Record Librarians. She is studying under the group supervision of Miss Gertrude McCalip, R. R. L. of Jackson, Miss.

Mrs. Pauline Pritchard has been transferred to the records department just recently, taking the place of Mrs. Ruth Ferrill who has been transferred to Dr. J. K. Avent's office as secretary.

THE SARDONIC GRIN

Centuries ago a favorite poison of those with homicidal intent was the drug "herba sardonica." Before death, herba sardonica induced gaiety and laughter and occasional spasmodic contraction of the facial muscles which simulated a grin. Thus was originated the expression "a sardonic grin." Today the sale of dangerous drugs is regulated by law. Do not be offended when denied the right to purchase certain powerful medicines without a prescription. The law is for your protection.

BLUE CROSS BLUE SHIELD

Named "Airman Of Month" In 86th Air Police Squadron

S-Sgt. Daniel Patridge, son of Mr. and Mrs. W. S. Patridge of Elliott, was named "Airman of the Month" in the 86th Air Police Sqdn. during February.

Sgt. Patridge is married to the formre Miss Betty Bryant of Grenada, now of Memphis.

The citation, nominating him for this award, reads in part: "Airman Patridge's superior performance of duty and conduct both on and off duty is above reproach, winning him the honor of being selected to represent the 86th Air Police Squadron as Airman of the Month. He has an excellent knowledge of all phases of the Air Police career field. His complete attention to duty and utter disregard of any personal inconvenience necessary to hte succesaful completion and disposal of various tasks assigned him reflect great credit to himself, the 86th Air Police Squadron and the Air Force. His knowledge and experience in the police field enable hmi to complete his duties with a minimum of supervision from his superiors.

"He is capable of supervising and intelligently correcting his subordinates and is highly respect by those who work under him. Great credit is due this airman in his capabilities as an air policeman because of his courtesy, appearance, ability to meet the public, and intelligent execution of his duties."

MISS DOT BOLAND IS HONOREE

Miss Dot Boland, bride-elect of Lt. Mickey Hayward has been complimented on several occasions recently.

On Wednesday evening of last week the hospitable home of Miss Betty Juchheim was the scene of a miscellaneous shower honoring Miss Boland. Miss Bonnie Moore was cohostess at this lovely party.

After previewing what Fed Robinson says this week, I think Speck Davis should bow to Fed.

There aint many folks left who remember Uncle Billy Rounsaville and those long spurs he wore. Cousin Ira was Uncle Billy's oldest son.

Down home at Oxberry, Whyte Jr. had a small pasture by the house, well sodded in native grass. He was talking about plowing it up and planting corn. I told him it was a crime to plow up any good pasture, however small. The other day I was down there. Chickens, turkeys, goats, hogs, cows, mules and horses were eating that grass. The dogs and cats nibbled at the grass when they were sick. Folks who plow up good grass, particularly if it is fenced, should be sent to Parchman.

Grenada Hospital aint the only institution that is celebrating its birthday Saturday, May 9th. Another institution - the Whitaker "institution" composed of Mabel and me, has an anniversary on May 9th because on May 9th, 1918, old Preacher Brown in Water Valley, established that institution by marrying Mabel and me for better or worse.

Saving Country Miles

"When broken things need fixing *fast*," says a farm customer, "we use our telephone! . . It's the same when we need to round up help quickly—or when supplies are running out!"

Your telephone saves steps on countless jobs—*often saves miles* . . . No one knows it better than telephone people! That's why our 1953 plans call for around 100 new rural projects to provide rural Mississippians with *approximately 5000 new telephones!*

Your telephone's value grows from day to day as more of the people you know get telephones . . . and rural Mississippians have 4 times as many telephones now as they had just 7 years ago.

BIGGER VALUE THAN EVER!

Sears Introduces New Refrigerator

Designed entirely around the theme of convenience and efficiency, Sears, Roebuck and Co.'s revolutionary new Coldspot Super-Mart refrigerator is being introduced May 7 in the local Sears Catalog Sales Office, 165 Main.

From the freezer chest to the fancy-food shelf on top, the completely automatic Super-Mart has been planned to bring into today's kitchen the all-around practicability of the super-market.

Taking a cue from the super-market, food storage in the 11.4 cubic foot Super-Mart refrigerator is departmentalized as to type and temperature requirement, with the proper area and "cold" provided for every need.

"Sears engineers and home economists in planning this selective storage system designed the entire interior arrangement to give the greatest accessability to the most frequently used items", Mrs. Grace Martin, Sears local manager explained.

What Is A Hospital?

It's another building you hardly noticed before,
Until one day you find yourself inside
Lying there helplessly
Or sitting and standing and pacing and waiting and hoping.
You know it's not just another building - it's more like a church.
Where no one, except death, is ever turned away,
Where life enters timidly, and is coaxed to remain
Where men and women spend their lives saving the lives of people they never saw before.
Where who you are and what you are seem rather unimportant,
Where forgotten things - like the miracle of opening and closing your hand becomes new and exciting.
When the starched whiteness, the gentle touch, the selfless devotion
Take you back to when you were a child and you looked up to see your mother and father smiling over you.
This is a hospital - and when you leave you may forget all about it, but it never forgets you - It stands there ready, day and night, to help who ever needs you.

What with Bob Hall getting in Out door Life, and Mrs. Spruill getting in the Progressive Farmer, Grenada is getting in on big-time stuff.
